

VERIVANCE TRAINING ACADEMY

A DIVISION OF VERIVANCE MEDCOMMS PVT. LTD

**Where Life Science & Pharmacy Graduates
Become Industry-Ready Professionals**

Online | Global | Standards-Driven | Mentor-Led

THE GAP WE ADDRESS

Learner Reality For Aspiring Professionals	Industry Reality For Pharma & CRO Organizations
Strong theoretical foundation	Entry-level hires require extensive retraining
Limited exposure to real industry workflows	Skill gaps in documentation, compliance, and processes
Uncertainty in transitioning to professional roles	Longer onboarding timelines

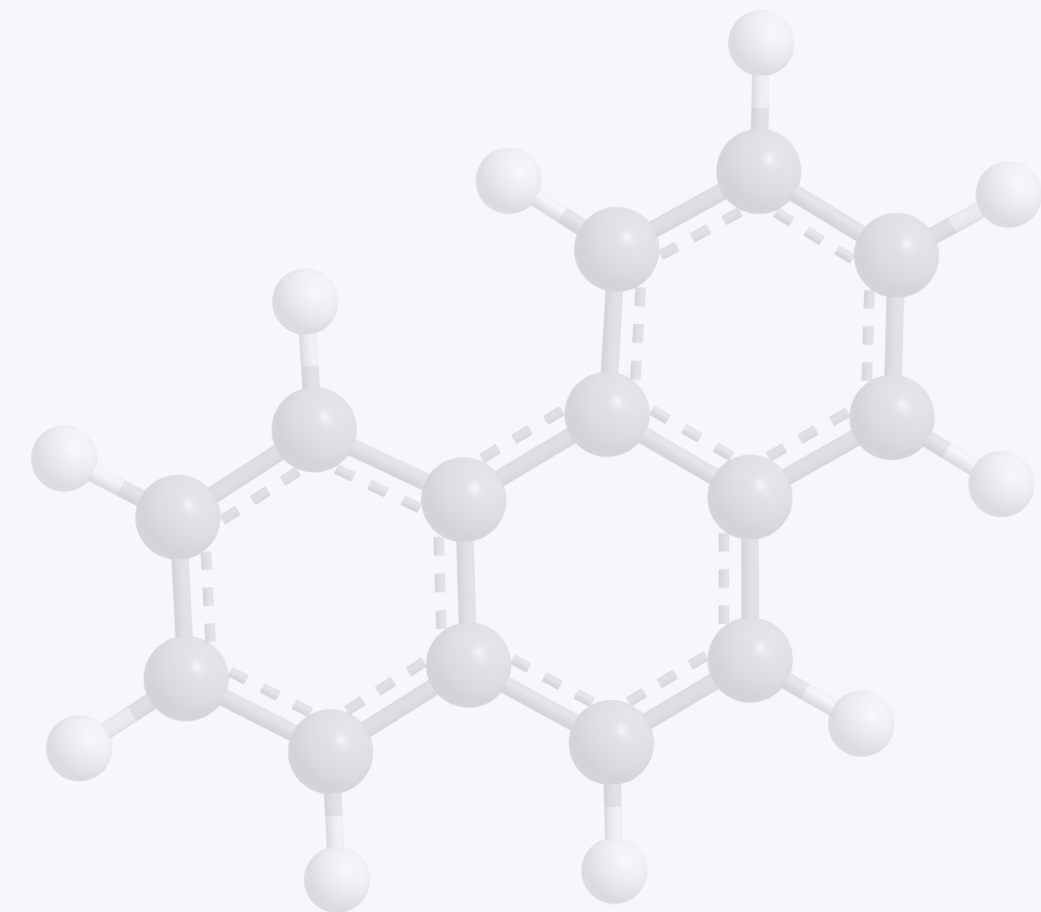

Verivance was created to bridge this gap

THE VERIVANCE SOLUTION

Verivance Training Academy delivers industry-aligned, practice-driven programs designed to transform learners with strong theoretical foundations into confident, job-ready clinical research and pharmaceutical professionals.

- **Curriculum mapped to real-world industry workflows**
- **Hands-on practical exposure using case studies and documentation**
- **Mentorship from experienced industry professionals**
- **Structured career guidance and career transition support**

THE VERIVANCE SKILL-BRIDGE MODEL

- 1 Strong Scientific Foundation**
Strong conceptual clarity and core life-science understanding
- 2 Practical Industry Exposure**
Hands-on clinical research tasks and documentation
- 3 Expert Mentorship**
Guidance from experienced industry professionals
- 4 Career Transition Support**
Internships, placement assistance, and interview readiness

COURSES OFFERED

Core Clinical & Pharma Programs

- Clinical Research
- Pharmacovigilance
- Medical Writing
- Clinical Data Management
- Clinical SAS with R and Python

Competitive Exam Preparation

- GPAT Coaching

TARGET LEARNERS

Pharmacy & Medical

Pharmacy

B. Pharm, M. Pharm, Pharm. D

Medical

MBBS, BDS, BHMS, BAMS

LIFE SCIENCE

BSc/MSc

Chemistry, Biotechnology,
Microbiology, Biochemistry,
Nutrition, Statistics, Clinical
Research, Biotechnology,
Microbiology, Zoology, Botany

Technology Backgrounds

B.Tech

Biotechnology
Bioinformatics
Computer Science

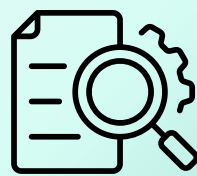

LEARNING & DELIVERY MODEL

**100% Online Delivery with
Global Access**

**Mentor-Led, Interactive
Learning Sessions**

**Practical Assignments &
Case-Based Learning**

**Industry-Style Documentation
& Workflow Exposure**

**Orientation to Global
Regulatory Standards
(ICH-GCP, GLP)**

**Continuous performance-
based assessment with
guided progression**

CAREER OUTCOMES & SUPPORT

- Structured internship opportunities aligned to course outcomes
- Career transition support for suitable and eligible candidates
- Interview preparation and professional profile building
- Exposure to real-world industry expectations and roles
- Ongoing career guidance beyond course completion

VISION & MISSION

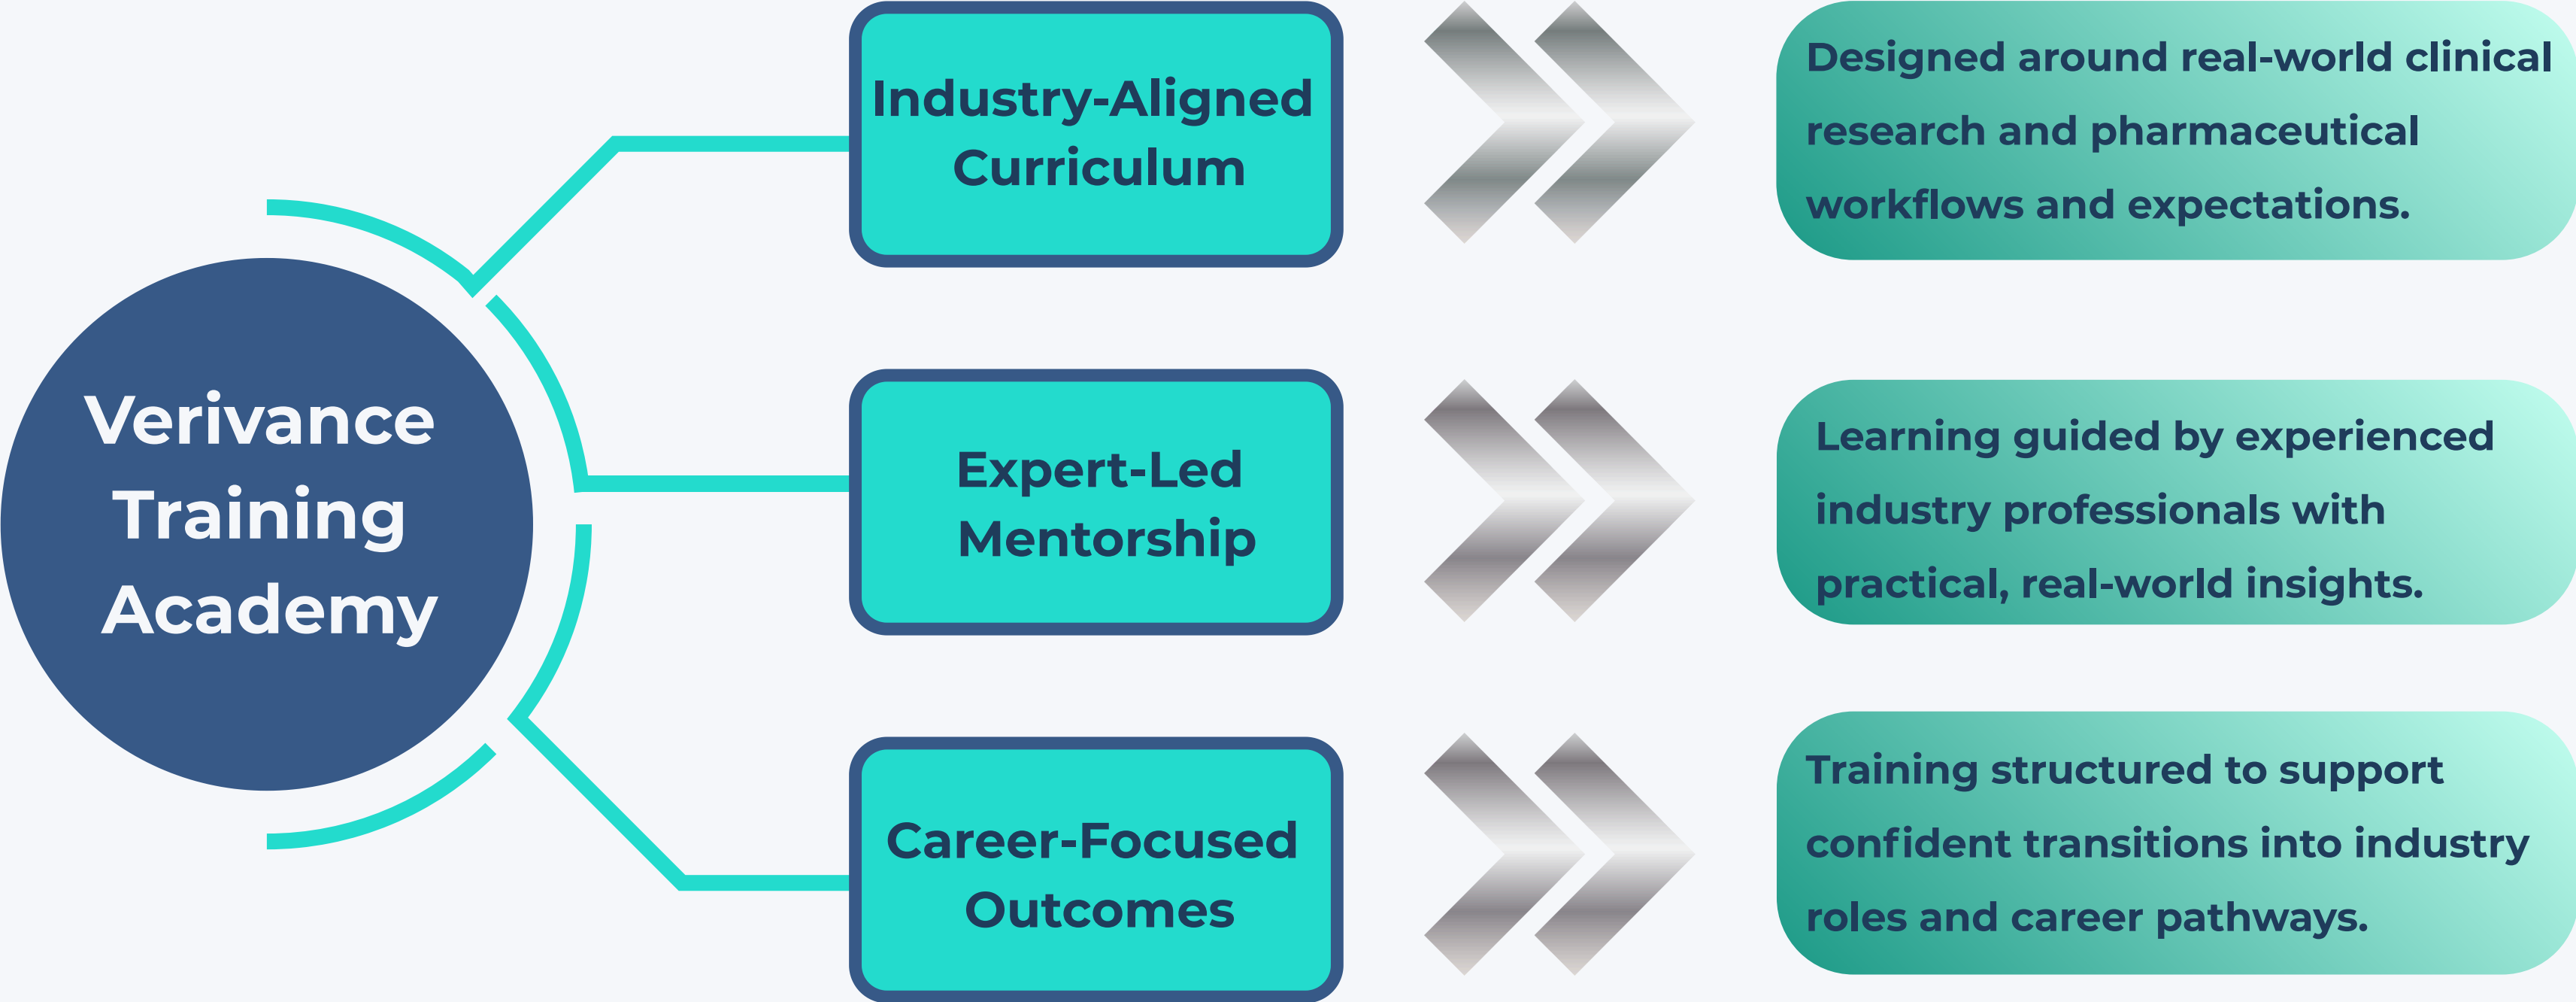

Vision

To be India's most trusted and recognized training institute for clinical research and pharmaceutical sciences, known for producing competent, ethical, and industry-ready professionals who contribute to innovation, quality, and professional competence across global pharmaceutical and clinical research organizations.

Mission

To empower aspiring professionals with comprehensive, industry-aligned training in clinical research and pharmaceutical sciences by combining strong scientific foundations, hands-on practical learning, expert mentorship, and structured career support, enabling successful transitions into the pharmaceutical, biotech, and CRO sectors.

WHY CHOOSE VERIVANCE

WHAT MAKES VERIVANCE DIFFERENT

Conventional Theory-Driven Training Institutes	Verivance Training Academy
Theory-heavy learning	Practice-driven training
Generic course structures	Workflow-mapped curriculum
Limited mentor interaction	Expert-led mentorship
Minimal industry exposure	Real-world documentation & case work
Short-term course focus	Career transition-oriented approach

LEADERSHIP & PROFESSIONAL GOVERNANCE

FOUNDERS

- PhD in Pharmaceutical Sciences
- Professional and training leadership and medical communications experience
- Vision-driven approach to ethical, industry-aligned education

PROFESSIONAL ADVISORY

- Clinicians, researchers, and subject experts
- Guidance on curriculum quality and standards alignment
- Ensures training quality and industry relevance

INDUSTRY EXPERTS

- Professionals with extensive pharma, biotech, and CRO experience
- Input on real-world workflows and expectations
- Keeps training aligned to industry needs

FACULTY & MENTORS

- Experienced trainers actively engaged in industry
- Mentor-led learning and continuous learner support
- Focus on skill development and career readiness

COMMITMENT TO QUALITY, ETHICS & GLOBAL STANDARDS

Training Quality & Relevance

Curriculum and learning frameworks designed to ensure relevance, consistency, and alignment with real-world industry expectations.

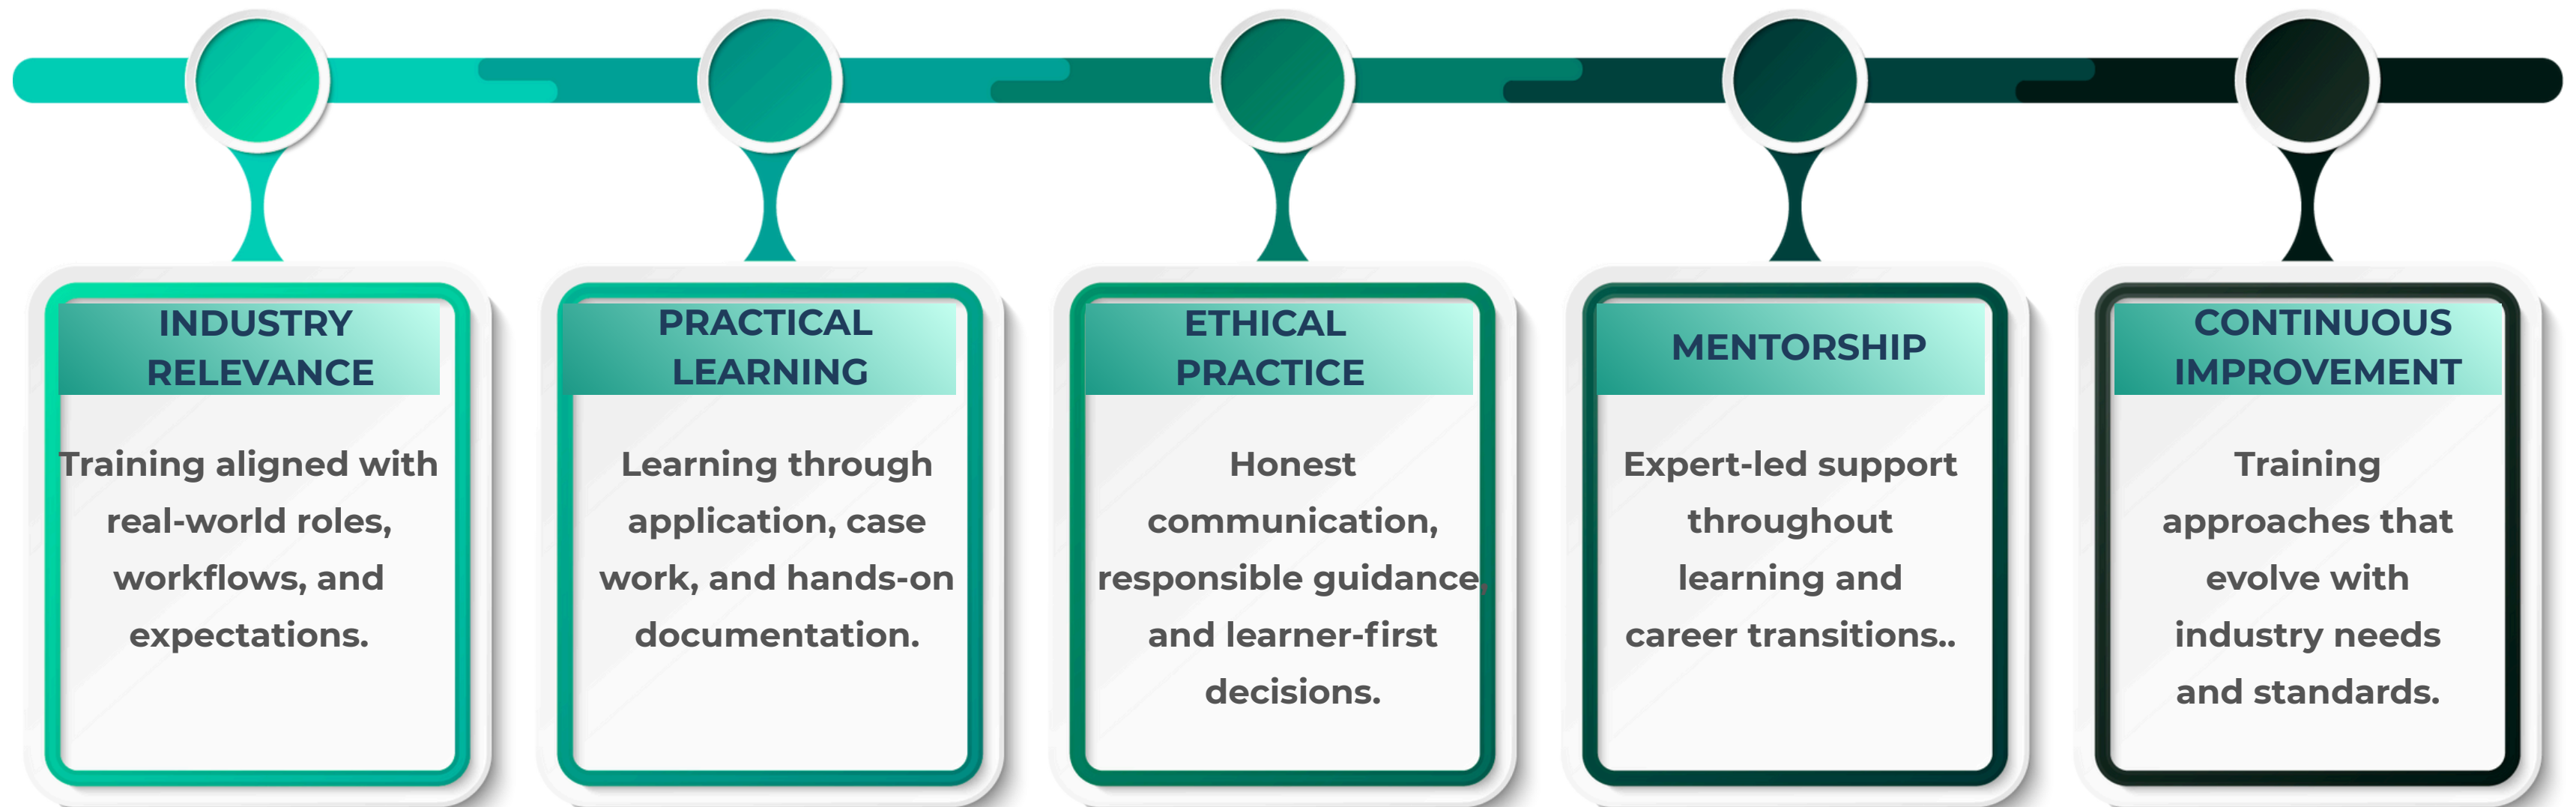

Ethical Training Practices

Transparent communication, realistic career guidance, and learner-first responsibility in professional training.

Alignment with Global Standards

Awareness and orientation to international guidelines such as ICH-GCP and GLP integrated into training delivery.

CORE VALUES

VERIVANCE TRAINING ACADEMY

A Division of Verivance MedComms Pvt.Ltd.

Industry-aligned training designed to enable confident career transitions into clinical research, pharmaceutical, and allied life sciences sectors.

We collaborate with:

Aspiring professionals
& learners

Educational and
training institutions

Pharmaceutical,
biotech
& CRO organizations
